CYCLING THROUGH THE WEINVIERTEL

Give your head a well-deserved break with „pleasure cycling“ or pedalling hard and feeling your body: No matter how you want to go about it - on the saddle of a bike is certainly the best way to explore the picturesque Weinviertel. Around the thermal spa and away from busy roads, you and your team have the ideal conditions for this. At the same time you can experience the culinary diversity of the region. On request, the Therme Laa - Hotel & Silent Spa lends bicycles and helmets free of charge.

BBQ WORKSHOP AND MEAT TASTING

Barbecue champion, master butcher and meat sommelier Adi Matzek offers various team and barbecue events at our resort.

At the steak tasting, for example, many international steak varieties are tasted in a blind tasting. Barbecuing becomes a team event, enjoyable entertainment and a flavourful highlight.

ZEINDLER FINE BRANDIES

The Zeindler family business offers a tour and explanation of the distillery. The fruit for the fine distillates is sourced from the company's own orchards and carefully harvested by hand. Together as a team, you will go on a hike through the orchards and enjoy an exclusive brandy tasting followed by the opportunity to buy some.

ZART CHOCOLATE - FROM THE BEAN TO THE BAR

In the dreamy Weinviertel, at the foot of the Staatzer cliff, the finest chocolates and confectionery are produced in the „ZART“ chocolate factory. Chocolatiere Marieke creates pure flavour experiences from fresh ingredients. Sustainability and, above all, seasonality and regionality are very important here. Get to know the manufactory as a team and embark on a delicious chocolate workshop.

VISIT THE SNOWDRAGONS HUSKY FARM

When visiting the cosy farm in Gnadendorf, the focus is on enjoying nature and having fun together. In addition to sleigh rides through the Weinviertel in winter, in the warmer months you can work with the Siberian huskies on the course or on adventure hikes. Alternative programmes can also be tried out directly on the farm. These range from archery and axe throwing to trying your hand at honey tasting at the local apiary.

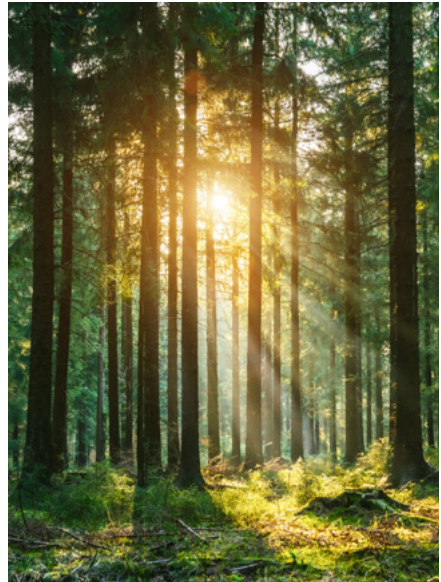

STEINBACHER- HOF

Space for movement and encounters - with people and horses. A healthy, high-performance company thrives on positive teamwork. The Steinbacherhof seminars offer a variety of exercise programmes with horses. Team bonding, leadership training, authentic communication and de-escalation training are the focal points of the seminar. Develop even further together with your team!

FOREST BATHING

This experience is about mindful immersion in the forest habitat and the scientifically proven positive effects it has on the body and the immune system. Participants can use simple exercises to reduce stress and find more peace.

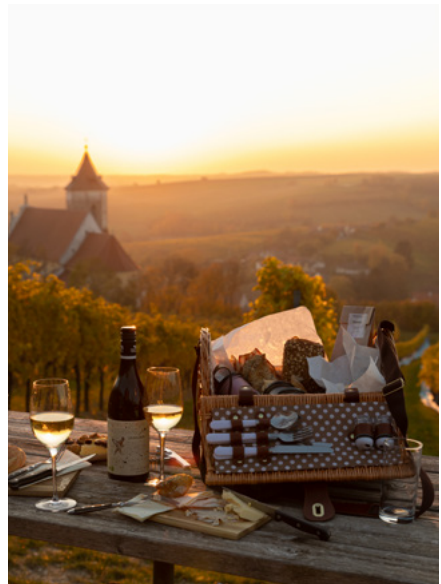

INSIGHTS IN AGRICULTURE

Accompany the passionate farmer Daniela Wintereder from BOA Farm in Wildendürnbach for a few hours and not only get to know her 600 Aberdeen Angus cattle, but also benefit from her wealth of experience as the manager of her farm. A joint lunch or dinner afterwards invites you to discuss your impressions in detail.

UNLIMITED WINE ENJOYMENT

The Falkenstein cliffs with the wine villages from Poysdorf via Falkenstein to the state border continue on the Czech side in the Pálava mountains. With their often very steep hills and cliffs made of Jurassic limestone, both regions offer the best conditions for winegrowing. On this tour, we show you a wine terroir in two cultural areas with exciting tastings, impressive wineries, picturesque villages and scenic highlights.

A PATH FULL OF STORIES

The Iron Curtain Trail is the longest cycle path in Europe and takes you and your team on a historic journey through the Waldviertel and Weinviertel regions. Follow in the footsteps of the Iron Curtain by bike as the predominantly flat path winds its way from the green Waldviertel to the delicious Weinviertel. Enjoy the view from one of the numerous vantage points and savour culinary highlights such as poppy seed tents, wine cakes and much more.

HEMP EXPERIENCE TOURS

During the two-hour guided tour through the flower village of Hanfthal, you and your team will experience the many village renewal projects, the two cellar alleys, the rare settlement form of the Rundanger and the hemp museum. From May to October, the hemp tour takes place with a nostalgic tractor (15 people).

RAFT BUILDING AS A TEAMBUILDING PROGRAM

The participants are divided into several groups and go to the raft-building sites, which are slightly apart from each other. Using the materials provided, the teams independently build a navigable raft that will carry the entire team. In the subsequent regatta, the seaworthiness of the rafts is put to the test. While still on the lake, the individual rafts join together and return to the shore as a strong unit.

ART CONNECTS

Entrepreneurial success is always a collective achievement - this is also evident in this workshop. This time you don't leave the leadership to your mind, but act from the heart. Without any idea of what the picture should look like, you create a shared team picture by swiveling the canvas! This absolutely unique piece will unfold its full potential later when it is displayed in your office.

CITY TOUR THROUGH LAA AN DER THAYA

We will provide you with food, drink and tools and professional craftspeople will support you.

After a guided tour of the snail enclosure in the vineyards of the Pulkau Valley, you can savour exclusive snail wine and taste seasonal snail spreads - available from May to October.

The programme is designed for a maximum of 12 people.
